For Friday, we got catering from Plant Power fast food - think burgers, chicken sandwiches, and wraps. For Saturday, we catered through Scratch House Vegan Specialties. They made some of the best food we've ever had. There were huge beautiful charcuterie boards, yummy appetizers liked smoked tofu and crispy rice balls with a tuna (watermelon i think?) topping, teriyaki beef (soy curls) and chicken katsu (seitan, prepared over the course of 5 days). For Sunday, we just called in some sandwiches from Ben & Esther's vegan deli (just egg and latke sandwiches). \n\nIt caught me off guard how many people responded positively to all the vegan food. Where can I get this?\" Another friend said it was the \"best wedding food\" she's ever had, and she's not vegan. Animals in the wild suffer terribly due to a number of causes, such as hunger and thirst, weather conditions, harms inflicted by other animals, diseases, injuries, etc. In fact, there are reasons to think most animals have to endure lives which include more suffering than positive wellbeing.</p>\n\n<p>This doesn\u2019t just happen out of some contingent circumstances. Rather, it\u2019s due to evolutionary and ecological factors which have been researched in depth. To see this we can consider some very basic facts about animal population dynamics.</p>\n</blockquote>\n</div><!-- SC_ON -->", "likes": null, "suggested_sort": null, "banned_at_utc": null, "url_overridden_by_dest": "https://animalcharityevaluators.org/blog/why-the-situation-of-animals-in-the-wild-should-concern-us/", "view_count": null, "archived": false, "no_follow": false, "is_crosspostable": true, "pinned": false, "over_18": false, "preview": {"images": [{"source": {"url": "https://external-preview.redd.it/JPFan3pxte6E-T9KnDz-YjQjtW2X4dq4EdoF3fZVD_w.jpeg?auto=webp&s=c275023d636a4556b2652b11aff655a2dfb99d14", "width": 1200, "height": 752}, "resolutions": [{"url": "https://external-preview.redd.it/JPFan3pxte6E-T9KnDz-YjQjtW2X4dq4EdoF3fZVD_w.jpeg?width=108&crop=smart&auto=webp&s=30232fc63a32bf96d89682fe381287d77c28c481", "width": 108, "height": 67}, {"url": "https://external-preview.redd.it/JPFan3pxte6E-T9KnDz-YjQjtW2X4dq4EdoF3fZVD_w.jpeg?width=216&crop=smart&auto=webp&s=25a72b22166a4f8f941386c1f36cc1bb304449a9", "width": 216, "height": 135}, {"url": "https://external-preview.redd.it/JPFan3pxte6E-T9KnDz-YjQjtW2X4dq4EdoF3fZVD_w.jpeg?width=320&crop=smart&auto=webp&s=a5617d274ac265780abf389551d4e0097d1b0adb", "width": 320, "height": 200}, {"url": "https://external-preview.redd.it/JPFan3pxte6E-T9KnDz-YjQjtW2X4dq4EdoF3fZVD_w.jpeg?width=640&crop=smart&auto=webp&s=1496f5317f10c33e1fa45052402773ea342732d7", "width": 640, "height": 401}, {"url": "https://external-preview.redd.it/JPFan3pxte6E-T9KnDz-YjQjtW2X4dq4EdoF3fZVD_w.jpeg?width=960&crop=smart&auto=webp&s=a68fdf4a7b9eed9abec384e38c765785a21fcf59", "width": 960, "height": 601}, {"url": "https://external-preview.redd.it/JPFan3pxte6E-T9KnDz-

chocolate bread, raisin bread, icing butter buns with an adorable bear on it, a pineapple

of new products this year like oat milk Thai tea, mushroom salad, butter buns, seasoned
mushrooms with spicy lime sauce, and crispy no pork with rice. The spicy sausages and papaya
kimchi are also new.\n\nYou can also buy vegan burgers, deli meat, hotdogs, steamed buns,
noodles, seasoning, stir-fries, gyoza, phat kaphrao, and frozen meals for about $0.89-$1.25 per
item.\n\nIt's great to see that there are 3 different kinds of vegan burgers available this

year: mushroom, fish, and spicy chicken.\n\nMy favorite Je Fest foods at 7-11 are the spicy mushroom laab balls, pineapple pastry, spicy chicken burger, and chocolate bread.\n\nThe Je Festival is from October 10-18 this year but some supermarkets and convenience stores started putting out their festival food early.", "author_fullname": "t2_1vley5fb2c", "saved": false, "mod_reason_title": null, "gilded": 0, "clicked": false, "is_gallery": true, "title": "Here's What's Vegan at 7-11 During the Je Festival in Thailand!", "link_flair_richtext": [], "subreddit_name_prefixed": "r/vegan", "hidden": false, "pwls": 6, "link_flair_css_class": null, "downs": 0, "thumbnail_height": 93, "top_awarded_type": null, "hide_score": false, "media_metadata": {"4yr9avebbguh1": {"status": "valid", "e": "Image", "m": "image/jpg", "p": [{"y": 72, "x": 108, "u": "https://preview.redd.it/4yr9avebbguh1.jpg?width=108&crop=smart&auto=webp&s=81ca9499c1a941963af31b38aa3749da7c91e066"}, {"y": 144, "x": 216, "u": "https://preview.redd.it/4yr9avebbguh1.jpg?width=216&crop=smart&auto=webp&s=2b5d4bfc98645d47ab2371afad6ddcec20a64bb6"}, {"y": 213, "x": 320, "u": "https://preview.redd.it/4yr9avebbguh1.jpg?width=320&crop=smart&auto=webp&s=7e42d38164dbb8e6a510da424c4a09d6c4e7a022"}, {"y": 426, "x": 640, "u": "https://preview.redd.it/4yr9avebbguh1.jpg?width=640&crop=smart&auto=webp&s=f94afa47e958d215a8e2063b02ac844fb603c1a5"}, {"y": 640, "x": 960, "u": "https://preview.redd.it/4yr9avebbguh1.jpg?width=960&crop=smart&auto=webp&s=795c2c67279a81c584b5df8321d42a4c073d5000"}, {"y": 720, "x": 1080, "u": "https://preview.redd.it/4yr9avebbguh1.jpg?width=1080&crop=smart&auto=webp&s=8b37d00409e6a978a9ccc651a9b39ee878af2527"}], "s": {"y": 3648, "x": 5472, "u": "https://preview.redd.it/4yr9avebbguh1.jpg?width=5472&format=pjpg&auto=webp&s=df8f61948d7745d760f6d8af4cd149a72eade7f3"}, "id": "4yr9avebbguh1"}, "ijtdkttrbguh1": {"status": "valid", "e": "Image", "m": "image/jpg", "p": [{"y": 72, "x": 108, "u": "https://preview.redd.it/ijtdkttrbguh1.jpg?width=108&crop=smart&auto=webp&s=8f17eacffc03f9e38526070c38aff87707306446"}, {"y": 144, "x": 216, "u": "https://preview.redd.it/ijtdkttrbguh1.jpg?width=216&crop=smart&auto=webp&s=c9a9e043eaeb13f9a3d9d79e1276d7c1493e6f8a"}, {"y": 213, "x": 320, "u": "https://preview.redd.it/ijtdkttrbguh1.jpg?width=320&crop=smart&auto=webp&s=996ec70b33cbdd3998fc03da81b3af06fd1f8bfe"}, {"y": 426, "x": 640, "u": "https://preview.redd.it/ijtdkttrbguh1.jpg?width=640&crop=smart&auto=webp&s=9c98b7a9ccfc73335aa99bcaba4c2fbb6bd88703"}, {"y": 640, "x": 960, "u": "https://preview.redd.it/ijtdkttrbguh1.jpg?width=960&crop=smart&auto=webp&s=31007cd910438fa9660f1d921b2ad5ff97c0d6b9"}, {"y": 720, "x": 1080, "u": "https://preview.redd.it/ijtdkttrbguh1.jpg?width=1080&crop=smart&auto=webp&s=2f183ada24ac61fe86f85fc23358b3839a8377cf"}], "s": {"y": 3648, "x": 5472, "u": "https://preview.redd.it/ijtdkttrbguh1.jpg?width=5472&format=pjpg&auto=webp&s=27c275508af3d74ab9ba434e0574364ec0e055a9"}, "id": "ijtdkttrbguh1"}, "7hf2nm63bguh1": {"status": "valid", "e": "Image", "m": "image/jpg", "p": [{"y": 72, "x": 108, "u": "https://preview.redd.it/7hf2nm63bguh1.jpg?width=108&crop=smart&auto=webp&s=500eca20001ae047b97689e71e9a152acb21d1df"}, {"y": 144, "x": 216, "u": "https://preview.redd.it/7hf2nm63bguh1.jpg?width=216&crop=smart&auto=webp&s=f8c65f9ee57d711734dc8c268a7b9e27bba8b86d"}, {"y": 213, "x": 320, "u": "https://preview.redd.it/7hf2nm63bguh1.jpg?width=320&crop=smart&auto=webp&s=3d01c73726c0f69a9f743e917fd48a1839c4ac58"}, {"y": 426, "x": 640, "u": "https://preview.redd.it/7hf2nm63bguh1.jpg?width=640&crop=smart&auto=webp&s=64c367daf5001c5a0b29aa61b7bfbff776e32187"}, {"y": 640, "x": 960, "u": "https://preview.redd.it/7hf2nm63bguh1.jpg?width=960&crop=smart&auto=webp&s=089bedbd4a6b3412579ee0d9dce4abf7a4477bae"}, {"y": 720, "x": 1080, "u": "https://preview.redd.it/7hf2nm63bguh1.jpg?width=1080&crop=smart&auto=webp&s=5f170fef6e3d137bf1144a383e478b38bbca7ca2"}], "s": {"y": 3648, "x": 5472, "u": "https://preview.redd.it/7hf2nm63bguh1.jpg?width=5472&format=pjpg&auto=webp&s=2d509f96b5c987213b2b890403a285d574bef852"}, "id": "7hf2nm63bguh1"}, "jpw8qm63bguh1": {"status": "valid", "e": "Image", "m": "image/jpg", "p": [{"y": 72, "x": 108, "u": "https://preview.redd.it/jpw8qm63bguh1.jpg?width=108&crop=smart&auto=webp&s=3f3ed5029ca994706ccfe862a4902a4572e4b40c"}, {"y": 144, "x": 216, "u": "https://preview.redd.it/jpw8qm63bguh1.jpg?width=216&crop=smart&auto=webp&s=cec4b65fdde515369ba2b56c765ba8999d0458f1"}, {"y": 213, "x": 320, "u": "https://preview.redd.it/jpw8qm63bguh1.jpg?width=320&crop=smart&auto=webp&s=bb4950252f0df4555e57b136affea09ae482f9a7"}, {"y": 426, "x": 640, "u": "https://preview.redd.it/jpw8qm63bguh1.jpg?width=640&crop=smart&auto=webp&s=d7dfbd10afc64d9396d4ddb644c28957d0350d1e"}, {"y":

It would be hard for me to make new non-vegan friends at this point, but I have many non-vegan close friends from before I went vegan who really love animals. \n\nI've done a lot of research on how to have productive and objective conversations about veganism thanks to my boy Ed Winters. I'm definitely not expecting anyone to immediately become vegan but I do want to plant that seed and have them realize how inconsistent their attitudes and actions towards animals are.\n\nI haven't talked about veganism at all to any of them other than telling them I am vegan once I was forced to by get-togethers at restaurants, so I am starting from a mostly blank slate here.\n\nRight now I feel like it would be best to do it one-on-one, but I don't know the best way to approach it. I feel like I can't invite them to get coffee or lunch or whatever, because they'll probably order animal products and the whole time I am having the conversation with them they will feel defensive since they are currently eating animal products. \n\nI also feel like it's a bad idea to do something like this over text or call because a lot of the weight of the conversation will be lost.\n\nEssentially I just want to know, if you have been in a situation like this, what worked for you, what didn't, and what you think the best context for something like this is. Or if it is even a good idea to do in the first place. Thanks in advance!\n\nEdit: Thanks for the advice, everyone! Even the troll comments gave me a good laugh. I've decided not to really plan anything and just let the topic come up naturally. Jeremiah 8:8 and 7:20-23\nI learned Jeremiah 33:14\u201326 is missing from the ancient Greek translation of Jeremiah known as the Septuagint (LXX). This is a genuine textual difference, and some scholars argue that the passage was added at a later stage. </p>\n\n<p>And \nPsalm 51:18\u201319 has long been suspected by a number of biblical scholars of being a later addition to a psalm that originally ended with verses 16\u201317.</p>\n\n<p>I have downloaded two books that were mentioned. \n1.Panarion Epiphanius of Salamis & \n2.Clemintinehomili</p>\n\n<p>It makes alot more sense knowing that God doesn't take pleasure in barbecues with burning flesh and beer. Why would he give us sentient animals as a food source?\n\nFor those who have interacted with me before when I was flexible vegetarian I am now vegan and have not (intentionally) consumed any animal products for about 3 months now.\n\nEdit: Appreciate all the engagement: to clarify, this could certainly be part of a broader \u201cproblem of evil\u201d argument against Christianity itself. But, when I talk about this with a Christian, I am usually not asking them to change their religion but rather, not to consider animals as a primary food source (or ideally not one at all) if it is not necessary for them, (which in the developed world they pretty much never are necessary). I agree also that it can be supported from certain Bible passages like the one in Genesis. \n\nFinally, I am aware that there are other traditions with different conceptions of God and divinity and many of these traditions certainly better express my sense of spirituality than Christianity does. But, I am interested in engaging Christians in particular because it is the majority religion where it is in my part of the world

Probably would work for other religions too.</p>\n\n<p>I am not particularly religious anymore, but it does make some of them think. If God is merciful and loving, why would God make it necessary for us to cause suffering to eat? Why would he give us sentient animals as a food source?</p>\n\n<p>For those who have interacted with me before when I was flexible vegetarian I am now vegan and have not (intentionally) consumed any animal products for about 3 months now.</p>\n\n<p>Edit: Appreciate all the engagement: to clarify, this could certainly be part of a broader \u201cproblem of evil\u201d argument against Christianity itself. But, when I talk about this with a Christian, I am usually not asking them to change their religion but rather, not to consider animals as a primary food source (or ideally not one at all) if it is not necessary for them, (which in the developed world they pretty much never are necessary). I agree also that it can be supported from certain Bible passages like the one in Genesis. </p>\n\n<p>Finally, I am aware that there are other traditions with different conceptions of God and divinity and many of these traditions certainly better express my sense of spirituality than Christianity does. But, I am interested in engaging Christians in particular because it is the majority religion where it is in my part of the world (U.S) </p>\n</div><!-- SC_ON -->", "likes": null, "suggested_sort": null, "banned_at_utc": null, "view_count": null, "archived": false, "no_follow": false, "is_crosspostable": true, "pinned": false, "over_18": false, "all_awardings": [], "awarders": [], "media_only": false, "can_gild": false, "spoiler": false, "locked": false, "author_flair_text": null, "treatment_tags": [], "visited": false, "removed_by": null, "num_reports": null, "distinguished": null, "subreddit_id": "t5_2qhpm", "author_is_blocked": false, "mod_reason_by": null, "removal_reason": null, "link_flair_background_color": "", "id": "1x0qhba", "is_robot_indexable": true, "report_reasons": null, "author": "MidwestCrusader", "discussion_type": null, "num_comments": 179, "send_replies": true, "contest_mode": false, "mod_reports": [], "author_patreon_flair": false, "author_flair_text_color": null, "permalink": "/r/vegan/comments/1x0qhba/why_would_god_make_our_food_source_capable_of/", "stickied": false, "url": "https://www.reddit.com/r/vegan/comments/1x0qhba/why_would_god_make_our_food_source_capable_of/", "subreddit_subscribers": 1993113, "created_utc": 1791464914.0, "num_crossposts": 1, "media": null, "is_video": false}}, {"kind": "t3", "data": {"approved_at_utc": null, "subreddit": "vegan", "selftext": "", "author_fullname": "t2_2gijnopirp", "saved": false, "mod_reason_title": null, "gilded": 0, "clicked": false, "title": "Direct Action Everywhere - DxE", "link_flair_richtext": [], "subreddit_name_prefixed": "r/vegan", "hidden": false, "pwls": 6, "link_flair_css_class": null, "downs": 0, "thumbnail_height": 105, "top_awarded_type": null, "hide_score": false, "name": "t3_1x0okrh", "quarantine": false, "link_flair_text_color": "dark", "upvote_ratio": 0.99, "author_flair_background_color": null, "subreddit_type": "public", "ups": 67, "total_awards_received": 0, "media_embed": {"content": "<iframe width=\"356\" height=\"200\" src=\"https://www.youtube.com/embed/b_Weq4iZQ48?feature=oembed&enablejsapi=1\" frameborder=\"0\" allow=\"accelerometer; autoplay; clipboard-write; encrypted-media; gyroscope; picture-in-picture; web-share\" referrerpolicy=\"strict-origin-when-cross-origin\" allowfullscreen title=\"Unseen \u2013 A look into the final hours of life for pigs from Smithfield\"></iframe>", "width": 356, "scrolling": false, "height": 200}, "thumbnail_width": 140, "author_flair_template_id": null, "is_original_content": false, "user_reports": [], "secure_media": {"type": "youtube.com", "oembed": {"provider_url": "https://www.youtube.com/", "version": "1.0", "title": "Unseen \u2013 A look into the final

There are those who state vegeterians are worse than meat eaters as they are neutral and change sides based on the opportunity presented. Yes, with some unfortunately that is the case, but there are a lot of vegeterians who are in this for the same reason as vegans, yet they are obscured by flexitarians. \n\nThe main problem that occurs when vegans are too stern towards vegetarians is that their opinion, in some cases drives vegeterians back to eating meat (back to the dark side)\n\nMy friend is a good example. He was a vegeterian for 2 years and was always seeking for someone who would accept his beliefs, with whom he would have a decent conversation for a change. As he couldn't find those among vegetarians as yeah, they were mostly flexitarians or in temporarily for health reasons, he thought he would find friends in the vegan community.(And not to mention vegeterian communities where all they talk about are vegeterian recepies, never mentioning animals)\n\nMany vegans hated him thinking he does not belong among them as he is not giving all the 100% in. He loves animals and is a big activist against their suffering, but he refuses to be vegan as he states that it's not

unethical for him to be a vegeterian. Eventually he lost hope of ever making a diference since neither of the sides were accepting him. You become quite depressed in that case, I would say, as he really wanted to feel accepted among the animal rights activists.\n\nI was in discussions with other vegetarians who felt like him, those who find it ethical to consume milk and eggs if the chickens and cows are treated well. I mean, tell me your own thoughts about that philosophy.\n\nAnyway, not to go too deep in this. What I am trying to say is that vegans rejecting vegetarians is backfiring to the whole vegan community, in my opinion. Because vegeterians would not find enough support and some would go back to eating meat. I know some of you would say: come on just give it a little more effort and become vegan. \n\nIt's true yet there are those who are for example intolerant to soy milk or can't go all the way to become vegan for other justified reasons. I think it's best to give more support to vegeterians and not to be giving them pressure and forcing them prematurely into veganism. As there sure would be those who would eventually become vegans.\n\nFeel free to state your own opinions. He loves animals and is a big activist against their suffering, but he refuses to be vegan as he states that it's not unethical for him to be a vegeterian. Eventually he lost hope of ever making a diference since neither of the sides were accepting him. You become quite depressed in that case, I would say, as he really wanted to feel accepted among the animal rights activists.</p>\n\n<p>I was in discussions with other vegetarians who felt like him, those who find it ethical to consume milk and eggs if the chickens and cows are treated well. I mean, tell me your own thoughts about that philosophy.</p>\n\n<p>Anyway, not to go too deep in this. What I am trying to say is that vegans rejecting vegetarians is backfiring to the whole vegan community, in my opinion. Because vegeterians would not find enough support and some would go back to eating meat. I know some of you would say: come on just give it a little more effort and become vegan. </p>\n\n<p>It's true yet there are those who are for example intolerant to soy milk or can't go all the way to become vegan for other justified reasons. I think it's best to give more support to vegeterians and not to be giving them pressure and forcing them prematurely into veganism. As there sure would be those who would eventually become vegans.</p>\n\n<p>Feel free to state your own opinions. I accept anything, even hate towards my view as I am tolerant to any form (after I stopped eating meat I dealt with lots of pressure anyway \ud83d\ude04)</p>\n\n<p>I would

Ashton actually found a Vegan Outreach \"Why Vegan\" booklet left on a campus table last year which sparked his passion to learn more and become a vegan activist himself! He now helps lead the IU

ASAP chapter. Katie also went vegan and joined the chapter soon after. \n \nOffering Vegan Outreach booklets is an effective way to reach hundreds of people, spark conversations, and give compassionate thinkers the info and motivation to go and stay vegan. We ended up handing out nearly 900 booklets and 654 cookies! Vegan Outreach leafleters have visited over a hundred colleges this semester - you can see leafleting records and request your own at adoptacollege.org Read some of the interactions Autumn and I had Monday: \n \n\ud83c\udf31 Daniel tried going vegan after discussing animal rights in philosophy classes sparked his interest, but he said the honest reason he couldn't maintain a fully vegan diet now was because of cravings outside the house and finding food to eat at restaurants. I shared some local vegan options and mentioned the The Vault Pub on campus who won an award for their vegan dishes in the Bloomington IN Vegan Chef Challenge a couple years ago. He agreed the key to staying vegan is to both maintain your dedication to respecting animal lives while finding the diet enjoyable enough to sustain long-term, so he agreed to start 10 Weeks to Vegan to help with both! He agreed to take a photo afterward. \n \n\ud83c\udf31 Mishay was very moved by doing a factory farming VR experience on campus a few years ago and now mostly eats vegan and even watches vegan recipe channels like Pick Up Limes! We talked through some of her challenges being fully vegan which was mainly eating outside the house. She's motivated to keep learning more from the booklet and agreed to take a photo! \n \n\ud83c\udf31 \"Enie and her friend were very interested in going vegan and seemed to resonate with them. They wondered how possible it was to be vegan on campus. I talked to them about how the cafeteria has items labeled vegan, and they have signs saying you can ask for vegan options or other allergy friendly meals. I told them about signing up for 10 Weeks to Vegan to get recipes ideas!\" - Autumn Gwinn \n \n\ud83c\udf31 \"One student wanted to try to eliminate more animal products. She said she already didn't eat red meat or dairy. She wanted to continue to take steps with elimination of animal products. She said she had felt pushed by other students to go vegan. She wanted to go pescatarian because she worried about getting all of her essential nutrients. She said she ate a lot of tofu because it had high protein and other good nutrients. She was mainly worried about amino acids, protein, etc. I talked with her about how easy it is to get all of your vitamins and minerals on a well planned vegan diet. I talked to her about supplementing B12. I told her to do her research on good balanced vegan recipes. class=\"md\"><p>Autumn and I had a lot of great conversations on Monday handing out
Vegan Outreach booklets and vegan cookies
at Indiana University Bloomington! Ashton and Katie from the new on-campus Allied Scholars for
Animal Protection chapter met up with us to hand some booklets out before their normal weekly
activism too. Ashton actually found a Vegan Outreach "Why Vegan" booklet left
on a campus table last year which sparked his passion to learn more and become a vegan activist
himself! He now helps lead the IU ASAP chapter. Katie also went vegan and joined the chapter
soon after. </p>\n\n<p>Offering Vegan Outreach booklets is an effective way to
reach hundreds of people, spark conversations, and give compassionate thinkers the info and
motivation to go and stay vegan. We ended up handing out nearly 900 booklets and 654 cookies!
Vegan Outreach leafleters have visited over a hundred colleges this semester - you can see
leafleting records and request your own at <a

Autumn and I had Monday: </p>\n\n<p>\ud83c\udf31 Daniel tried going vegan after
discussing animal rights in philosophy classes sparked his interest, but he said the honest
reason he couldn't maintain a fully vegan diet now was because of cravings outside the
house and finding food to eat at restaurants. I shared some local vegan options and mentioned
the The Vault Pub on campus who won an award for their vegan dishes in the Bloomington IN Vegan
Chef Challenge a couple years ago. He agreed the key to staying vegan is to both maintain your
dedication to respecting animal lives while finding the diet enjoyable enough to sustain long-
term, so he agreed to start 10 Weeks to Vegan to help with both! He agreed to take a photo
afterward. </p>\n\n<p>\ud83c\udf31 Mishay was very moved by doing a factory farming
VR experience on campus a few years ago and now mostly eats vegan and even watches vegan recipe
channels like Pick Up Limes! We talked through some of her challenges being fully vegan which

was mainly eating outside the house. She's motivated to keep learning more from the booklet and agreed to take a photo! </p>\n\n<p>\ud83c\udf31 "Enie and her friend were very interested in going vegan and seemed to resonate with them. They wondered how possible it was to be vegan on campus. I talked to them about how the cafeteria has items labeled vegan, and they have signs saying you can ask for vegan options or other allergy friendly meals. I told them about signing up for 10 Weeks to Vegan to get recipes ideas!" - Autumn Gwinn </p>\n\n<p>\ud83c\udf31 "One student wanted to try to eliminate more animal products. She said she already didn't eat red meat or dairy. She wanted to continue to take steps with elimination of animal products. She said she had felt pushed by other students to go vegan. They wanted her to do an all or nothing kinda thing, but she wanted to take it slow. I talked to her about signing up for 10 Weeks to Vegan for recipes, tips, swaps, etc." - Autumn Gwinn </p>\n\n<p>\ud83c\udf31 "One student wanted to try to change her diet, but she wanted to take it slow. She wanted to go pescatarian because she worried about getting all of her essential nutrients. She said she ate a lot of tofu because it had high protein and other good nutrients. She was mainly worried about amino acids, protein, etc. I talked with her about how easy it is to get all of your vitamins and minerals on a well planned vegan diet. I talked to her about supplementing B12. I told her to do her research on good balanced vegan recipes. I talked to her about signing up for 10 Weeks to Vegan for recipes, tips, swaps, etc." - Autumn Gwinn </p>\n\n<p>\ud83c\udf31 Regan heard me say "Info to help animals," so she said she loved animals and pointed out a dog on her phone. I talked about our recent visit to The Goat's Conspiracy Sanctuary 20 minutes from campus and how similar the goats were to playful dogs. The owners decided to go vegan and turn their goat milk farm into an animal sanctuary after realizing how much cruelty was necessary even on what they thought was an ideal farm. Regan felt moved by the story and said she'd sign up for 10 Weeks to Vegan! </p>\n\n<p>\ud83c\udf31 Tanu is now a vegetarian but was previously vegan before she ran into challenges like finding enough protein. She was surprised soy milk had as much or more protein than dairy milk, and we talked more about vegan proteins. Tanu feels bad she quit veganism and said she wanted to try it again with more support, so she said she'll check out 10 Weeks to Vegan! </p>\n\n<p>\ud83c\udf31 Yutong seemed unfamiliar with veganism but curious about it and where I got my protein from. I got pulled into a meeting and came down about 25 minutes late.</p>\n\n<p>It was almost completely gone.</p>\n\n<p>I actually had to ask the person organizing lunch whether there was another tray because the food that was specifically suitable for us had been eaten by everyone else. She laughed and said she hadn't even realized that was the vegan dish until I asked.</p>\n\n<p>The funniest part was one coworker who had already gone back for seconds. When someone mentioned that it was vegan he immediately went, "Oh yeah, I could kind of tell."</p>\n\n<p>No you couldn't, Mark. You ate two plates.</p>\n\n<p>It made me wonder how much resistance to vegan food is literally just resistance to the word vegan. If the same dish is presented as normal food instead of the special ethical substitute in the corner, apparently nobody needs convincing at all.</p>\n</div><!-- SC_ON -->", "likes": null, "suggested_sort": null, "banned_at_utc": null, "view_count": null, "archived": false, "no_follow": true, "is_crosspostable": true, "pinned": false, "over_18": false, "all_awardings": [], "awarders": [], "media_only": false, "can_gild": false, "spoiler": false, "locked": false, "author_flair_text": null, "treatment_tags": [], "visited": false, "removed_by": null, "num_reports": null, "distinguished": null, "subreddit_id": "t5_2qhpm", "author_is_blocked": false, "mod_reason_by": null, "removal_reason": null, "link_flair_background_color": "", "id": "1x079id", "is_robot_indexable": true, "report_reasons": null, "author": "AsukaChutney5", "discussion_type": null, "num_comments": 408, "send_replies": true, "contest_mode": false, "mod_reports": [], "author_patreon_flair": false, "author_flair_text_color": null, "permalink": "/r/vegan/comments/1x079id/my_workplace_stopped_labeling_the_vegan_option/", "stickied": false, "url": "https://www.reddit.com/r/vegan/comments/1x079id/my_workplace_stopped_labeling_the_vegan_option/", "subreddit_subscribers": 1993113, "created_utc": 1791404729.0, "num_crossposts": 0, "media": null, "is_video": false}}, {"kind": "t3", "data": {"approved_at_utc": null, "subreddit": "vegan", "selftext": "I am visiting San Francisco and walking around Haight Ashbury, which is the birthplace of the hippie movement. As a very type A person I'm really good at doing this. When I travel, I tend to (not always, but most of the time) go for big breakfasts to make the most of the day and then have a nice dinner. But, as mentioned above, depending on where you're traveling and what you're doing that day, it can be difficult to find a place where you can have a full meal before, say, 10:30am. \n \nIn the past few years, I've seen more and more hotels advertise vegan breakfasts (some paid some \"free\") and it's always a gamble. You take the time to email and ask about those vegan options only to learn that they see us as squirrels. The next one more disappointing than the last one. The paid ones even more insulting. \n \nWe *did* had a good experience a couple of years ago at the Radisson Blu in Gothenburg, Sweden. The hotel didn\u2019t explicitly advertise a vegan breakfast but reviews mentioned it. We opted to eat out the first few days but it was so expensive that we decided to try the hotel breakfast, which was half of what we were paying by dining out every morning. We didn\u2019t expect much but omg it was amazing! They had faux meats, vegan cheeses, vegan waffles, all kinds of non-dairy milks, etc. combined with fruits and veggies you already have a balanced breakfast. We were shocked, as we\u2019ve never seen that many options in a hotel breakfast before. The sandwiches we made + fruits were enough to keep us full for most of the day.\n\nI think this is the experience that always pushes us to give other hotels the benefit of the doubt but the disappointment seems to always show up. You cannot say you have a vegan breakfast, charge us the same price as the meat eaters, and then continue to offer us a piece of bread. This example happened right after our good experience so we definitely dropped the ball by not asking specifically what the offered options were. Yes, we complained and they ended up refunding our money for the first day and offered to make us oatmeal made with plant-based milk and nuts for the following days (we accepted), but this kind of advertisement is misleading and shouldn\u2019t be allowed. \u201cVegan breakfast available\u201d implies a proper replacement for whatever it is meat eaters are being offered, especially if you\u2019re charging me the same amount of money. Yes, we complained and they ended up refunding our money for the first day and offered to make us oatmeal made with plant-based milk and nuts for the following days (we accepted), but this kind of advertisement is misleading and shouldn\u2019t be allowed. \u201cVegan breakfast available\u201d implies a proper replacement for whatever it is meat eaters are being offered, especially if you\u2019re charging me the same amount of money. Jesus, even one type of plant-based protein would have suffice! Fruit is not a proper vegan option you can offer and CHARGE when meat eaters are being served eggs, bacon and other hot foods. I guess the reason I\u2019m ranting is because it happened once again. We\u2019re traveling in a few days, hotel with a big \u201cvegan breakfast available\u201d on their website already booked. In this case, we don\u2019t plan on having breakfast there but still inquired out of curiosity. Their response? \u201cWe have bread made without eggs, soy milk, and bananas\u201d lol so I guess if we end up having breakfast there I\u2019ll be paying good money for bread and bananas because I take my coffee black.</p>\n</div><!-- SC_ON -->", "likes": null, "suggested_sort": null, "banned_at_utc": null, "view_count": null,
